

The Simone de Beauvoir Institute, and
The Department of Biology invite you:

Thursday, February 11 at 14h

Patricia Adair Gowaty

Associate Professor
Department of Zoology and the Women's Studies Program,
University of Georgia, Athens, Georgia

Evolutionary Biology and Feminism

Dr. Gowaty has published many research papers on avian mating systems, especially in blue birds. Her research focusses on the evolution of avian social behaviour. She is also interested in the interaction between science and women's interests. She teaches in both Zoology and the Women's Studies program.

**The Lounge
Simone de Beauvoir Institute
2170 Bishop Street**

R.S.V.P. BEFORE FEBRUARY 5, 1993
